

Delivering MANGA for iPhone Users in the US. Voice Bank announced at Red Herring 2007 "Insight Japan".

Hyogo, Japan, July 26th 2007-VOICE-BANK, Inc. announced at Red Herring 2007 "Insight Japan" that they will start delivering MANGA for iPhone users in the US with Digital Manga Association Japan(Monkey Punch, Chairman).

With a unique touch panel instead of a keypad, iPhones are one of the most desired mobile devices since arriving in the US on June 29, 2007. With support of the Digital Manga Association of Japan, Voice Bank, Inc. has created a unique converter, the "iPhone Manage Converter (TM)" that enables users to view Manga on their iPhones.

Yoshihide Kinokawa, CEO of Voice Bank, Inc. showed a demo with Manga by Hideshi Hino at Red Herring 2007 "Insight Japan".

Voice Bank, Inc. will start the service of delivering Manga for iPhone users with some alliance partners. Yoshihide Kinokawa, CEO of Voice Bank, Inc. presented the business model to investors and partners at Red Herring, and will establish an office in the US soon.
